FEE: \_\_\_\_\_

In lieu of submission of an erosion and sediment control plan for the construction of this single family dwelling or other small project. I agree to comply with any reasonable requirements determined necessary by employees of Bath County, Virginia, representing the Erosion and Sediment Control Program Administrator. Such requirements shall be based on the conservation standards contained in the Bath County Erosion and Sediment Control Ordinance and State Regulations and shall represent the minimum practices necessary to provide adequate control of erosion and sedimentation on or resulting from this project. I also grant the right of entry to appropriate County staff for inspections. All disturbed areas, at a minimum, shall be stabilized within 7 days of final grading with permanent vegetation or a protective ground cover suitable for the time of year.

I further understand that failure to comply with such requirements within the designated working days following notice by the representatives of Bath County could result in citation for violation of the Bath County Erosion and Sediment Control Ordinance, and possible revocation of building permit.
